EDUCATION

PES University 2025 - 2027
Master of Computer Applications (MCA) - Cyber Security (Pursuing), CGPA: 7.09 |Bengalore,Karnataka

Vidyalaxmi Group of Institutions 2022 - 2025
Bachelor of Computer Applications (BCA), CGPA: 7.50 | Udupi, Karnataka

PROJECTS

Household Poverty Prediction System

- Developed a machine learning classification system to predict household poverty levels using socioeconomic and demographic data.
- Performed data preprocessing, feature scaling, feature engineering, and trained Decision Tree, Random Forest, and Logistic Regression models.
- Built an interactive Streamlit dashboard and deployed trained models using Pickle.

Vehicle Service Management System

- Developed a MERN-based web application for vehicle service booking, job card management, billing, and service history.
- Implemented secure modules for administrators, employees, and customers with database integration.
- Designed responsive interfaces and backend APIs for efficient service management.

TECHNICAL SKILLS

Languages: Python, JavaScript, C, Java

Cyber Security: Networking, Wireshark, Cisco Packet Tracer, Network Security Fundamentals, Kali Linux

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Developer Tools: VS Code, Git, GitHub, REST APIs

Relevant Coursework: Data Communication & Networking, Network Security, Operating System Design, Data Structures, Databases & Applications, Object-Oriented Software Engineering, Algorithms Analysis & Design, Programming with Python

Areas of Interest: SOC Analysis, Cyber Security, Network Security, Ethical Hacking, Web Application Security, Data Analysis, Business Analysis

Soft Skills: Problem Solving, Teamwork, Communication, Adaptability, Quick Learner

CERTIFICATIONS

- IBM Skills Build - Getting Started with Cybersecurity (Nov 2025)
- Udemy - The Complete JavaScript Course 2025: From Zero to Expert! (71 Hours, Mar 2026)
- **mastercard - Cybersecurity Job Simulation**
- **Deloitte Australia - Cyber Job Simulation**
